HOMECONTROL2.0
ADDING AN ENFORCER X

Before You Begin

First **download HomeControl2.0** from the **App Store** or **Google Play Store**. It can be found by searching '**Pyronix**' or scanning the relevant **QR code** below.

https://apps.apple.com/gb/app/homecontrol2-0/id1530949125

https://play.google.com/store/apps/details?id=com.pyronixhc2.android.app&pcampaignid=web_share

Once downloaded, **open the app** and create a **PyronixCloud account**. For more **information** and **help** setting up a **PyronixCloud account**, please visit the following link https://bit.ly/3ERWj9k.

Adding the System via QR Code

1. To begin adding an **Enforcer X**, **tap '+'** in the **bottom toolbar**.
2. Select '**Add new security system**'.
3. Select '**Scan QR code**'.
4. Enter a '**system name**'. This is how this system will be **labelled** throughout the application. Once it has been entered, press '**continue**'

Please note: This can be edited at a later time.

5. Locate the system's **QR code** and scan it. This can typically be found on the **bottom** of the **metal casing,** the **Ethernet port** on the PCB and there is another provided in the **resistor pack** that accompanies the control panel.
6. When the **QR code** has been **successfully** scanned, a **green circle with a tick** will appear and the app will move onto the next screen..
7. The system is now added to the **main screen** of HomeControl2.0.

Adding via Short Code

Finding Short Code

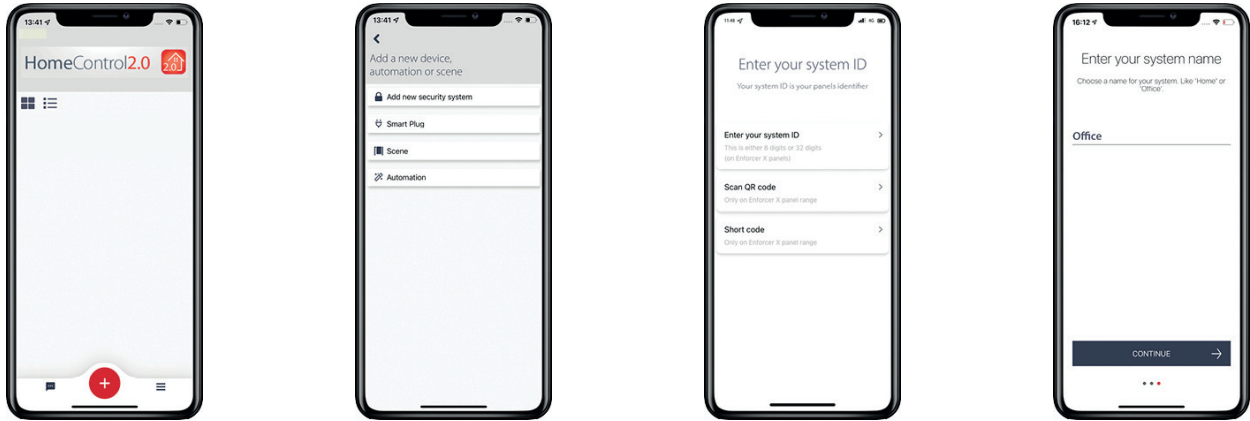

Press NO until the displays reads 'SETUP APP?', then press YES.

The system will now communicate with the cloud to receive a **short code**.

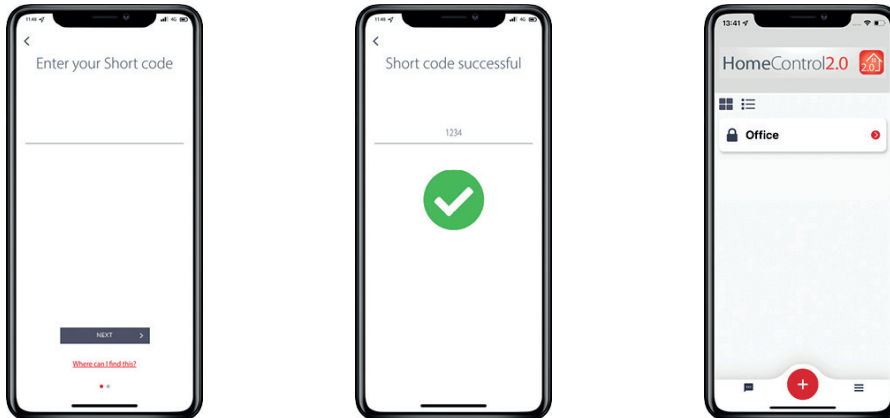

The system will now display a **short code**. This is valid for **5 minutes**.

Entering the Short Code

1. Tap '+' in the **bottom toolbar** to add a system.
2. Select 'Add new security system'.
3. Select 'Short code'.
4. Enter a 'system name'. This is how this system will be **labelled** throughout the application. Once it has been entered, press 'continue'.

Please note: This can be edited at a later time.

5. Enter the **short code** and select 'Next'.
6. A **green circle with a tick** will indicate the short code has been added **successfully** and the app will move to the next screen.
7. The system is now added to the **main screen** of HomeControl2.0.
